

# FUTURE VISION PLAN

## Pilot District Partnerships with Nonpilot Districts (effective 2010-11)

The Future Vision Plan of The Rotary Foundation introduces a new grant-making model that will change the way Rotarians participate in international humanitarian projects, scholarships, and vocational training teams. The following charts explain which grants and programs pilot and nonpilot districts can use to continue partnering during the three-year pilot phase (Rotary years 2010-13) as the Foundation makes the transition from the current Group Study Exchange, Ambassadorial Scholarships, and Humanitarian Grants programs to the new grant-making model.
